How to Keep Yule Plants

Yes, those cherished holiday plants can keep on growing into next year.

As a tropical plant, poinsettias like plenty of water and warmth—70 to 80 degrees. Be sure to keep these plants in a warm place at night.

Though they blaze with fiery-red-colored bails, Jerusalem cherries are rather cool natured. For them, the temperature should be held at 60 to 65 degrees. Avoid overwatering.
